Dear Hiring Manager,

I am delighted to apply for the Business Analyst position. My diverse experience has helped me develop a unique skill set that combines my passion for technology and numbers with the ability to analyze data and provide accurate findings. With a background in economics, becoming a business analyst was a natural fit for me. I am currently expanding my knowledge in Power BI, SQL, and Python, and I am committed to keeping up with the latest developments in this rapidly evolving field. I am eager to work with your team, as I have a keen interest in the financial industry.

Having lived in both Ukraine and Austria before moving to Norway in January 2022, I have developed a deep appreciation for different cultures and perspectives. My diverse background has equipped me with the skills to communicate effectively with people from various backgrounds and build trusted relationships.

Although my professional experience in Norway may be limited, I have gained valuable experience through volunteer work at the Embassy of Ukraine in the Kingdom of Norway, which required strong organizational and analytical skills. Additionally, I assisted in translating from English to Ukrainian for the Historical Museum, which helped me to hone my language skills and attention to detail. As a holder of a residence card in Norway, I am eager to continue building my professional footprint in this country and contributing to its vibrant and diverse workforce.

Thank you for considering my application. While I may not have direct experience in this particular role, my varied work history has taught me the importance of adaptability and learning quickly on the job. I am confident that my passion for learning, diverse experience, strong communication skills, and ability to understand and empathize with people from different cultures will make me an asset to your team. I would welcome the opportunity to discuss my qualifications further with you.

Sincerely,

Anna Goetz
